

The health and safety of our people is more important than anything to us, so we have made the decision for all team members to work remotely from home starting on Friday March 20, 2020 through Friday April 3, 2020. The increasing number of COVID-19 cases across the country is a significant risk to all of us. As a firm, we are wholly committed to the health and wellbeing of our clients, team members, and communities. The safety and well-being of our team members, communities, clients, and their families is of primary importance to us. We also feel a social responsibility to humankind, and want to do our part to protect everyone.

Although we will be working remotely, there will be no disruption in service to our clients. We will continue to operate at full capacity as we navigate the coming weeks, and will remain fully accessible to our clients through telephone and email. Rest easy, knowing we are here for you in the coming weeks.

A few key team members will continue to staff the office between the hours of 12:00 p.m. and 2:00 p.m., although team members who will be onsite will attempt to minimize contact with others at all times.

On behalf of all of the team members at WMCZ Lawyers, I would like to wish everyone good health as we weather the next few weeks.
